

About LedX

LedX- Legal Education by Experts is India's own legal online learning platform, changing the way legal education is taught, delivered, and utilized. Our expertise across the vast courses and sectors covers varied and nuanced needs with a constantly evolving legal, regulatory, and business environment.

LedX is harnessing legal education through app-based learning, online professionals, and student community and course delivery beyond the traditional education system through a single platform, making legal education easily accessible worldwide. We are creating an ecosystem of Instructors, legal experts, working professionals who have deep knowledge and understating of law, content, and learners under one roof. We act as a tutor and guides to assist them in fulfilling their goals.

We strive for excellence with each course. Students can access their courses virtually and from any location. Our online training programs are catered to individuals where we offer personalized, practical, and industry-based learning by expert mentors.

With over 50 courses, 250 hours of content, 400 legal experts on board, 70 influencers already, we are making sure of leaving no stone unturned for our student's growth and development in the professional environment. This platform is an output of research and consultation conducted by Think-Tanks and pioneers of legal education aiming to impart legal education in every nook and corner of the country, regardless of geography, Institutional affiliations, or professional obligations; an opportunity to become certified experts in the disciple of law, trained by experts of the legal fraternity and enhancing your educational and professional qualifications.

Message from the Founder

Mr. AKSHAY KANTI BAM

Founder & CEO LedX

Chairman, Indore Institute of Law

LedX has been conceptualized and conceived with the core value innovating legal education, of bringing forth the advancements of technology & teaching pedagogy from around the world to the development of legal education and in creation of an ecosystem where legal education is interactive and immersing for the students. It is with this vision that LedX introduces LedX MUN 2022.

Eloquence, critical thinking and convincing delivery of thoughts are critical to a good lawyer and it is only with a firm grasp of the constitutional principles, that form the core of every law and the democratic structure of the country, that a lawyer student can hope to achieve excellence in this profession.

This competition is aimed at enacting the United Nation Bodies and parliament to provide students an opportunity to express their understanding of various social, political, economical issues of the world. These issues are daunting. But the United Nations has proven, at various stages of its history, that it is capable of rising to new challenges.

We hope that this competition will help in strengthening the feeling of activism amongst the students of law and bring greater clarity of the socio-political situation of the world, I convey my best wishes and regards to all the participants and extend congratulations to the team of LedX and YouthGenex for working on this event.

What are MUNs?

Model UN is a popular activity for those interested in learning more about how the UN operates. Hundreds of thousands of students worldwide take part every year at all educational levels. Many of today's leaders in law, government, business, and the arts – including at the UN itself – participated in Model UN as students.

Model United Nations (MUN) brings youth together from around the world to learn and share ideas from a diverse set of experiences and backgrounds where the Executive Board, International Press, and International Delegates consolidate to learn about diplomacy, international relations, and the United Nations. Model United Nations (MUN) brings youth together from around the world to learn and share ideas from a diverse set of experiences and backgrounds where the Executive Board, International Press, and International Delegates consolidate to learn about diplomacy, international relations, and the United Nations.

The United Nations Model UN Programme aims to build and maintain strong links between the UN and Model UN participants across the globe. It does that through guides and workshops, which teach students how to make their simulations more accurate; by visiting Model UN conferences and sharing firsthand knowledge of what the actual UN is like; and through encouraging Model UN clubs to take real action to support UN values and the Sustainable Development Goals (SDGs)

Why LedX MUN?

LedX being one of the best platform for Law Aspirants will be hosting the first edition of LedX MUN on 29-30 January 2022 where it aims to provide the young minds a platform to come up with innovative thoughts and learn about various social and political matters. The list for reasons to participate is endless but still a few reasons as follows:

- Central India's Biggest Virtual Institutional MUN
- Provides a platform for the youth to discuss important questions within the context of policymaking.
- Cultivating a spirit of togetherness among the next generation to work towards a shared value of preparing to contribute to a better global community.
- Imparting important 21st-century skills like research, analysis, and problem-solving using technical resources,
- Developing important skills like fair leadership, respectful diplomacy, and genuine collaborative practice
- Simulations focus on a specific global issue.
- Access to the Sessions by various eminent speakers.
